tillation by the celebrated Dr. Warren, whose name  
it bears, and will send Superiority to any preparation  
of the kind now in use. It is highly concentrated en-  
tirely vegetable, and very freely flavored to the taste  
of the choice wine of France. In the cold time and  
tendency of the winter it gives great relief.

**The Graetenberg Company,**

OF NEW YORK,  
HAYES established a Branch at No. 154 Wash-

ster, to receive orders and to deliver lectures to  
the people of New England, and to give courses  
of MEDICINE in the fullest confidence that af-  
ford a fair trial they will be found superior to and  
will rapidly supersede all others now in use.

The Company would first call attention to  
the **Greenleaf's Vegetable Pills**, for the  
prevention and cure of all diseases of the bowels,  
which afflict human y (especially bilious) these  
Pills are infinitely superior to any the world has  
ever before seen. No language can describe their  
virtues. They are so different from all others be-  
fore the public as bright as from darkness. Every  
one who has tried them will desire to try them.  
Price 25c a box, with full directions.

DR. CLIMMINGS'S  
**Compound Extract of Sars-  
aparilla and Dock.**

THE article above named are the principal in-  
gredients of this medicine. With these oth-  
ers of vegetable origin are combined, designed to  
render them more active, and consequently more  
immediately effective.

The Dock is the first species of it, now ranks as  
a medicinal plant second to none of the vegeta-  
ble kingdom. With the aid of a distinguished chem-  
ist, whom the proprietor has consulted in the pre-  
paration of the compound, he has succeeded in over-

It is warranted to make two quarts superior to any other medicine in the world, the most powerful agent in the world to cleanse and purify the system. Price one dollar per bottle.

**The Gracenberg Children's Panacea,** a medicine expressly adapted to the various diseases of children and youth, and the only one of the kind recommended to the public. It is composed of vegetable oils, and may be used with perfect safety by infants. Price fifty cents per bottle.

**The Gracenberg Health Bitters,** a preventive of Bilious and other diseases and a restorer of the strength, the appetite, and a healthy complexion. Price 25 cents.

**The Green Mountain Vegetable Ointment** is prepared from an old Indian recipe, and cures with great rapidity bruises or fresh cut wounds, burns, Sores, etc. Its virtues are too well known to need a further lengthy notice. Price 25 and fifty cents a box.

**The Gracenberg Eye Lotion,** an article

valued for its efficacy in preserving the extract of the eye from the effects of the dust of the atmosphere.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Heavens be conceived the idea of causing the eyes to be diseased by the use of the eye compound. In this the ingredients are found to act a harmony and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract must be re-ethered, and the ether added to decomposition, is procured by subjecting the root to the action of menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent. It is permitted to be used in the compound, and it has not been obtained by this process, and that has been less than a year in preparation.

The Compound is recommended for Scrofula

which supplies a want long felt in this part of the country. It is an unfailing remedy for violent inflammation, weakness or foreign substances in the eyes, and for dimness and falling of the sight. It has been used on the most scientific principles, and has performed extraordinary cures. Price 25cts per bottle

In diseases of the kind with which the proprietor became familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventive

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general in whom he is known
